1.5 BID SUBMISSION

1.5.1 Late Bids. *Regardless of cause, late bids will not be accepted and will automatically be disqualified from further consideration.* It shall be the Bidder's sole risk to assure delivery at the receptionist's desk at the designated office by the designated time. Late bids will not be opened and may be returned to the Bidder at the expense of the Bidder or destroyed if requested.

1.5.2 Alternate Bids. Vendors may submit alternate bids (a bid on supplies other than specified). Alternate bids are considered only if the Vendor is the lowest responsible Vendor on their primary bid. Bids must be clearly identified as "Primary" and "Alternate."

1.6 CHANGE OR WITHDRAWAL OF BIDS

1.6.1 Change or Withdrawal PRIOR to Bid Opening. Should any bidder desire to change or withdraw a bid prior to the scheduled opening, the Bidder may do so by making such request in writing to the Procurement Officer listed in Section 1.3.1 - Procurement Officer Contact Information above. This communication must be received prior to the date and hour of the bid opening by a request in writing or facsimile to the Procurement Officer (e-mail notices containing prices are not allowed and will be disqualified).

1.6.2 Change AFTER Bid Opening But Prior to Bid Award. After bids are opened, they may not be changed except to correct patently obvious mistakes and minor variations as allowed by *ARM 2.5.505*. The Bidder shall submit verification of the correct bid to the State prior to the final award by the State.

1.7 BID AWARDS

1.7.1 Basis for Award. The Government intends to award multiple Agreements; however, awards will only be made to those bidders offering a reasonable price and resources that are technically acceptable. Proposed pricing for **ALL** line items will be evaluated for reasonableness. At the discretion of the Government, vendors may be given an opportunity for re-submittal if their offer is determined as unreasonable.

See Section 2.3 Ordering/Dispatch Procedure for additional information.

Since the equipment needs of the Government and availability of Vendor's vehicles during an emergency cannot be determined in advance, it is mutually agreed that, upon request of the Government, the Vendor shall furnish the resources listed herein to the extent the Vendor is willing and able at the time of order. The Government is not obligated to place nor is the Vendor obligated to accept an order under the agreement, but if an order is placed and accepted, all the terms and conditions set forth shall be met. The agreement(s) will not preclude the Government from using Agency or Agency Cooperator-owned resources before using resources under the agreement. Due to the sporadic occurrence of incident activity, the placement of any orders IS NOT GUARANTEED.

1.7.2 Rejection of Bids. While the State has every intention to award an agreement as a result of this IFB, issuance of the IFB in no way constitutes a commitment by the State of Montana to award and execute an agreement. Upon a determination such actions would be in its best interest, the State, in its sole discretion, reserves the right to:

- Eliminate any bids which seem excessive compared to the average prices submitted in any given geographic area or excessive compared to commercially available items.
- Cancel or terminate this IFB (*18-4-307, MCA*).
- Waive any undesirable, inconsequential, or inconsistent provisions of this IFB which would not have significant impact on any bid (*ARM 2.5.505*); or
- If awarded, terminate any agreement if the State determines adequate state funds are not available (*18-4-313, MCA*).

1.8 Claims

Claims settlement is agency specific, and remains the responsibility of the incident agency

1.8.1 Federal Government Claims. Unless limited by agency policy or the Agency Administrator, any Federal agency claim may be settled by a warranted Contracting Officer with appropriate delegated authority for that claim. Some agencies may require claims be reviewed by their legal department.

1.8.2 State of Montana Claims. Claims arising under the jurisdiction of the State of Montana are negotiated by the responsible Line Officer or Agency Administrator. These individuals may delegate this authority to other DNRC employees. When possible, claims should be settled at the incident. - b. The Contractor, at the Contractor's expense, shall maintain adequate public liability and property damage insurance during the continuance of this agreement, insuring the Contractor against all claims for injury or damage.
- c. The Contractor shall maintain Workers' Compensation and other legally required insurance with respect to the Contractor's own employees and agents.
- d. The Government shall in no event be liable or responsible for damage or injury to any person or property occasioned through the use, maintenance, or operation of any vehicle or other equipment by, or the action of, the Contractor or the Contractor's employees and agents in performing under this agreement, and the Government shall be indemnified and saved harmless against claims for damage or injury in such cases.

1.10 LOSS, DAMAGE, OR DESTRUCTION

1.10.1 Loss, Damage, or Destruction.

- a. For equipment furnished under this agreement **WITHOUT** operator, the Government will assume liability for any loss, damage, or destruction of such equipment, except that no reimbursement will be made for loss, damage, or destruction due to:
 - (1) Wear and tear, as defined in *SECTION 2.5 – WEAR AND TEAR* of this solicitation;

- b. For equipment furnished under this agreement **WITH** operator, the Government shall not be liable for any loss, damage, or destruction of such equipment, except for loss, damage, or destruction resulting from the negligence, or wrongful act(s) of government employee(s) while acting within the scope of their employment. The operator is responsible for operating the equipment within its operating limits and is responsible for safety of the equipment.

SECTION 2: DISPATCH/DELIVERY REQUIREMENTS

2.0 DISPATCH/DELIVERY REQUIREMENTS

All equipment awarded under this IFB shall be located and dispatched through a Northern Rockies Dispatch Center. The Vendor will be listed on an established geographic resource list.

2.1 AVAILABILITY

The Contractor will be listed on an established geographic resource list. When Contractor's resources are unavailable, the resources will not be eligible for dispatch under this agreement.

2.2 RELIABILITY

The Contractor shall provide dependable equipment that meets all applicable State and Federal laws relating to motor vehicles and equipment.

The Government reserves the right to conduct inspections at any time.

See item 2.5 *VEHICLE INSPECTIONS*.

2.3 ORDERING/DISPATCH PROCEDURE

The Government intends to dispatch Contractor resources based on geographic resource lists established from this solicitation. Orders will originate through the respective Dispatch Center (either for the incident or for the resource). Employees are not allowed to walk up and order a vehicle under this agreement.

See *Section 1.7.1 Basis for Award for additional information*.

Orders will be managed through Northern Rockies Dispatch centers. Orders originating from out of the Northern Rockies Geographic Area are not allowed under the terms and conditions of this agreement.

The geographic resource list will identify Contractor resources, location, and price. Dispatch will consult the geographic resource list when an incident occurs and choose the Contractor closest to the incident taking Contractor and mobilization costs into consideration. Dispatch will inform the Contractor of the location, quantity required, and date and time needed. If that Contractor is unable to meet the requirements, the next closest Contractor will be contacted, etc. If possible, only one Contractor will be utilized per incident at a time until the Contractor runs out of units. The next time the service is required, the same process will be followed. The Government reserves the right to utilize vendors' resources in a manner that it deems to be in the best interest of the Government. Hosting agencies may establish dispatch priority lists, rotations, or response zones, but such arrangements are not required.

*Agencies will only place orders using the 24/7 contact number provided on the bid submittal form and request vehicles by indicating the type of vehicle needed, pick-up date and **anticipated** return date. During fire suppression, severity, and all risk activities a return date may not be known.*

A given piece of equipment can be under hire to only one agency at a time.

NOTE: The States of Idaho and Montana reserve the right to select Contractors who they (state officials) consider to be in their best interest. This may include Contractors who did not participate in this solicitation.

The ordering Agency and incident shall be listed on all documentation as the lessee, not individuals assigned to pick up the vehicle, unless vehicle is rented for only one individual and paid for by such individual (see 2.4.1 Single Resource).

STEP 1: Submit request to Dispatch on a General Message form. The request must be specific to vehicle type needed, quantity, tire requirements, delivery date and time needed and method of delivery. The intended use of the vehicles is also helpful – ex: Ground Support rigs to be assigned each day, Operational (DIVS) rigs to be assigned for incident duration, Logistical support to the line, etc.

STEP 2: Dispatch generates a resource order. A resource order will be completed for each vehicle.

- Dispatch contacts the appropriate vendor for a reservation; requests must be submitted using the required NRCG MT-DNRC Rental Vehicle Request form.
- Dispatch will state he/she is calling to reserve vehicle(s) under the DNRC Off-Road Rental Contract for Fire. The “renter” is the Fire Name and appropriate Resource Order Number (E, O, C#). Or if being ordered for a Single Resource, the Renter is the Single Resource and Resource Order Number (O, E#).
- Payment Method needs to be identified at this time (single resource, payment on their travel card, single resource payment by Procurement Official, or paid on an OF-286.

STEP 3: Vendor initiates a reservation and provides a reservation/confirmation number back to the dispatcher. This number is generated from the vendor’s system.

- ❖ If the Vendor is able to assign specific vehicles at the time of the reservation (vehicle make, model, VIN number, and license plate number), that information should be provided. ***If the Vendor is unable to assign the specific vehicles at the time of the reservation, a follow up phone call is required or additional coordination during pickup.***

Step 4: Dispatch fills the Resource Order with the Vendor, vehicle information, and confirmation number in “Special Needs”. Dispatch arranges for pickup of the vehicle(s); Dispatch will provide a copy of the resource order with the confirmation number required for the individual(s) to pick up the vehicle(s).

STEP 5: Dispatch will fax or email a completed copy of the resource order to the vendor. Depending on the payment method, the vehicle could go through pre-use inspection and a payment package started. A Rental Tracking Sheet should be initiated.

Resource orders are assigned for a specific incident. Rented vehicles cannot move to other incidents with the same resource order. A new unique resource order number will be assigned for each incident and the new resource order will be sent to the Vendor by the receiving Dispatch Center.

2.4 PAYMENT METHODS

There are three methods for renting vehicles utilizing this agreement.

2.4.1 Single Resource.

The preferred method of payment is with a Government credit card.

*OF 286 may be used for agency employees that do not have an agency issued travel card and are filling positions that require off-road use. Payment method must be noted on the resource order.

Vehicles rented on an OF 286 payment method cannot go out of Northern Rockies geographic area.

2.4.1.1 Agency Employees (including AD/EFF):

- A. Dispatch must order the vehicle utilizing the MT-DNRC Rental Vehicle Request Form
- B. Agency employees may procure a rental vehicle utilizing their travel or purchase cards.

- C. Rentals for AD/EFF employees may be procured by a procurement official utilizing an agency issued purchase card. The AD's resource order may serve as requisition documentation; payment is made using procurement official's credit card.
- D. Resource order must state "Off Road Rental Vehicle Authorized". A separate resource order is not required for the vehicle, but a support resource order may be created, depending on local dispatch protocol).
- E. Payment to the vendor is made using agency-issued credit card, and the reimbursement to the employee is made through employee's agency travel system.
- F. **Agency employees and AD/EFFs are prohibited from using a personal credit card.**
- G. Vehicles will be returned directly to Vendor (city/state where rented).

2.4.2 Direct Incident Order. (Ground Support Pool Vehicles - Payment via *OF-286 Emergency Equipment Use Invoice*)

- a. Dispatch must order vehicles utilizing the MT-DNRC Rental Vehicle Request Form.
- b. Each vehicle will be assigned an equipment resource order number (E#) with an equipment package generated for each vehicle.
- c. Ground Support will check vehicles in, establish a tracking method, and submit all resource information to Incident Finance.
- d. The government will be responsible for returning the vehicles directly to the Vendor (city/state where rented).
- e. If the vehicle is reassigned to another incident, a new resource order will be issued and the vendor will receive a copy of the new resource order. The receiving Dispatch Center is responsible for sending a copy of the new resource order to the vendor. The OF-286 Emergency Equipment Use Invoice for the original assignment will be completed and a new packet started for the new incident. Incidents will work together to ensure proper payment and tracking.

2.4.3 Outside of Northern Rockies Geographic Area Travel. (Payment via Credit Card ONLY)

If an off-road vehicle(s) from the MT DNRC awarded agreements is approved on the resource order for an Incident Management Team (IMT) member, agency employee, or AD/EFF for travel to an incident outside the Northern Rockies Geographic Area, payment must be made via an agency issued travel or purchase card. Follow credit card payment direction stated Section 2.4.1 with the following exception.

The vendor must approve resources that are ordered to go out of GACC (northern ID, MT, and ND).

2.4.4 Inspections. All vehicles rented on the MT DNRC Rental Agreement and paid via the OF-286 Emergency Equipment Use Invoice process require pre-use and post-use inspections. Inspections for vehicles rented on credit cards are recommended but not required.

2.4.5 Shift Tickets and Tracking Use. The following are required for tracking usage of rental vehicles at the incident:

- Agency travel card: no shift tickets or resource order other than the employee's is required. Employee will use vendor invoice for reimbursement.
- OF-286: User (individual or ground support) will complete shift tickets – either daily or one ticket showing first and last days, depending on agency guidance. Finance will process based on contract payment process.

- Procurement Official using agency purchase card: User (individual or ground support) will complete shift tickets – either daily or one ticket showing first and last days, depending on agency guidance. Procurement Official will complete payment directly with the vendor.

2.4.6 Fueling. Vehicle must be full at time of pickup.

2.4.7 Demobilization and Payment Documentation. The following is required when releasing rental vehicles from the incident; (see *Section 2.4.8 – Re-assignments*):

- Agency Employees: Vehicles will be returned to the Vendor clean on the interior, and washed on the exterior. Payment will be made with the employee's travel card, and reimbursement claimed on a travel voucher.
- Ground Support Pool Vehicles: Ground Support and Finance should coordinate the demob schedule. Vehicles will be returned to the Vendor clean on the interior, and washed on the exterior. Copies of the finalized OF-286 Equipment Invoice shall be provided to the Vendor for their records. ADs: Vehicles will be returned to the Vendor clean on the interior, and washed on the exterior. Completed shift ticket(s) should be provided to the procurement official identified on the MT DNRC Rental Vehicle Request Form.

2.4.8 Re-Assignment.

- When the single resource or incident pool vehicle(s) is being reassigned to another incident, a new resource order will be generated. Payment packet must be completed on the initial incident and a new payment packet will be started for subsequent incidents. The new payment packet should include a copy of the new resource order noting reassignment, new inspections and an information-only copy of the previous OF-286 to ensure proper tracking and payments are made to the Vendor. When reassigned, the receiving unit will bear the daily cost of the vehicle on reassignment day.
- Single Resource: If an agency employee or AD/EFF is being reassigned; ensure a general message is submitted to dispatch specifying that the vehicle is being reassigned along with the individual. This will establish an audit paper trail for the vehicle. If the original resource order listed the vehicle as a support request; the vehicle information should carry forward on the reassignment order.

2.4.9 Damage and Claim Procedures. Claims for damage will not include amounts for loss of use, diminishment of value, or administrative fees. An SF-91 Motor-Vehicles Accident Report should be completed and an investigation should be conducted. Full documentation of ALL damage shall be completed by the operator and by the Safety Officer or designated government official.

- **Damages.** In the event damage occurs to the vehicle, the renter should immediately document the damage and follow the below procedures based on the rental payment method used for the vehicle.
 - OF-286 (Incident Pool Rental): Full damage documentation should be documented and included in the finance package. Claims may be settled according to delegated authority from the host agency.
 - Agency Travel Card (Agency Employee Rental): The original paperwork should be taken with the employee back to their home unit for submission to a warranted Procurement Officer. The employee should retain a copy of all documentation. A copy must be submitted to the Incident Finance to be included in the finance package.

- Purchase Card Rental: The original documentation should be submitted to the procurement official identified on MT-DNRC Rental Vehicle Request Form. A copy should be retained by the driver and a full copy should be submitted to Incident Finance to be included in the finance package.
- **Accidents and/or Repairs.** In the event of an accident or if repairs become necessary, the renter should immediately notify the company by calling the number provided on the agreement and request instructions. An SF-91 Motor-Vehicle Accident Report should be completed and an investigation should be conducted.
- **Billings for Damages.** When loss or damage is due to an exception stated below (2.5 Wear and Tear), the rental company will submit a claim directly to the credit card holder. (Non-warranted credit card holder is responsible to submit the full claim package to a procurement official with claims settlement authority). An SF-91 Motor-Vehicle Accident Report can be utilized to document non-accident damage.
- **Payment of Claims.** When loss or damage occurs, claims will be settled separately by the employee's servicing procurement officer and should not be billed to the employee or procurement official's credit card. The employee is responsible for completion of the appropriate documentation (see 2.4.9 - Damage and Claims above). If any negligence is determined; the individual may be held financially accountable. This will be determined by the individual's hiring unit/agency. If the Government denies liability on the basis that the renter was not operating the vehicle within the scope of employment at the time of the loss, the rental company may handle the matter directly with the renter. Claims for damage will not include amounts for loss of use, diminishment of value, or administrative fees.

2.5 WEAR AND TEAR

Equipment furnished under the agreement may be operated and subjected to extreme environmental and/or strenuous operating conditions which could include but are not limited to unimproved roads, steep, rocky, hilly terrain, dust, heat, and smoky conditions. **As a result, by entering into this agreement, the Contractor agrees that what is considered wear and tear under the agreement may be in excess of what the equipment is subjected to under normal operations and is reflected in the rates paid for the equipment.**

For the purpose of the agreement, the term "wear and tear" shall include, but not be limited to:

- a. Brush scratches on the body of the vehicle that can be buffed out. Brush scratches deep enough to require repair that includes paint shall be considered outside of the scope of wear and tear.
- b. Punctures, tears, or destruction of tires due to rocks or sticks common to a forest road.
- c. Wear to the paint on the inner and outer surfaces of the vehicle, top, sides, rails, and tailgate; includes chips from flying rocks, and minor bumps and dents.
- d. Clogged air filters, air ductwork, and oil filters from dust.
- e. For equipment furnished under the agreement, the Government shall not be liable for loss, damage, or destruction of such equipment, except for loss, damage, or destruction resulting from the negligence, or wrongful act(s) of Government employee(s) while acting within the scope of their employment.
- f. In order to better monitor possible abuse of vehicles, the Government may also conduct cursory inspections on a daily basis.

2.5.1 Tires. Due to firefighter safety and the extreme conditions the equipment rented under this agreement is subjected to; tires shall have load ratings in accordance with the vehicle Gross Vehicle Weight Ratings (GVWR). **All tires on the vehicles, including the full size spare tire, shall have sound sidewalls; body and tire tread depth of a minimum of 6/32.**

For vehicles bid in the special category for pickups with Load Range E tires, such vehicles must be delivered with load range E tires including the spare tire. Vehicles must be delivered with a matching spare tire commensurate with the tires installed on the vehicle spare tires must be inflated and ready for service upon delivery.

2.5.2 Tire Replacement. In the event a tire has to be replaced, the Government will replace the tire with the same size but due to the exigency nature of the situation there will be no consideration to brand. The incident will then bill the cost of the tire back to the Contractor.

2.5.3 Multiple States and Multiple Drivers within the Northern Rockies. Vehicles may be used in multiple states within the Northern Rockies Geographic Area and may be operated by multiple drivers. The person picking up the vehicles or accepting delivery may not be the actual driver. The Government will assure only licensed drivers over 18 years of age will operate vehicles.

2.6 VEHICLE INSPECTION

Pre-season inspections will not be done.

All resources furnished under this agreement shall be in acceptable condition. The Government reserves the right to reject resources that are not in safe and operable condition. Prior to acceptance of any specific vehicle for incident use, the vehicle shall be inspected by the Government utilizing the *Vehicle/Heavy Equipment Pre-use Inspection Checklist OF-296* to determine that it meets all of the terms, conditions, and specifications set forth herein (see *ATTACHMENT M - Vehicle/Heavy Equipment Pre-use Inspection Checklist OF-296*). The vehicle shall be safe (brakes, tires, headlights, turn indicators, etc.), and in good mechanical condition at the time of the pre-use inspection and all vehicles **tires must have a minimum tire tread depth of 6/32 inches**. Vehicles shall also be equipped with a full size spare tire, wheel wrench, and jack.

The inspections will take place either at the location of the Dispatch Office placing the order or at the location of the incident camp. This will depend upon logistical considerations at the time of hire. **All vehicles transported via car carrier or delivered will be inspected at the incident camp or a pre-arranged location.**

Vehicles that fail the inspection or fail to comply with applicable laws such as **exceeding the GVWR** for the capacity offered, dyed diesel fuel, etc. shall be rejected. Equipment may be re-inspected after repairs or other reasons for the failed inspection are rectified. Contractors may not attempt to find another federal or state agency to inspect failed equipment without discussing the circumstances with the affected hiring agency (see *ATTACHMENT M - Vehicle/ Heavy Equipment Pre-use Inspection Checklist OF-296*.)

If the resource does not pass inspection at the incident or designated inspection point, it is considered non-compliant. The Contractor may be given 24 hours or a time frame designated by Government representatives to bring the resource into compliance. If the resource does not pass inspection, no payment will be made for travel to the incident or point of inspection or return to the point of hire, or for the time that the resource was not available. Upon rejection, resource will be removed from the Geographic Resource List until such time that the resource is brought into compliance and re-inspected at the Government's convenience. Repeated failures at the pre-use incident inspection may be grounds for cancellation of the agreement. The Contractor shall not have any claims or payments due for equipment rejected or for not meeting the specifications/requirements contained herein.

If a reassignment is to occur, a post-use inspection by the sending incident as well as a pre-use inspection by the receiving incident must be completed and documented on the OF-296 pre/release inspection report.

2.6.1 Inspection Reports.

- All vehicles shall have a pre/post-use *Vehicle/Heavy Equipment Pre-use Inspection checklist (OF-296)*.
- Original *Inspection Checklist (OF-296)* should stay with the Host Agency.
- A copy of the *Inspection Checklist (OF-296)* will be given to the Contractor at the time of release.

- A copy of the *Inspection Checklist (OF-296)* shall be included with all vehicles that are re-assigned.
- A new *Inspection Checklist (OF-296)* shall be completed for re-assignments.

2.7 VEHICLE RELEASE

Once released from the incident, the vehicle must be returned to the applicable rental agency unless properly transferred to a new incident, which requires vendor notification. Vehicles must be resource ordered through normal dispatch and ordering procedures. The tracking cover sheet will be completed and remain with the payment package, a copy will reside with the incident file (see *ATTACHMENT N – Rental Vehicle Tracking Cover Sheet [required]*).

- **2.7.1 Vehicle Returns.** Vendors must have a key drop-box or instructions for vehicle returns afterhours (i.e. weekends and evenings). This information must be listed on the Bid Form in Box 10 (attach additional sheet if necessary).

SECTION 3: SPECIAL TERMS AND CONDITIONS

3.0 AGREEMENT TERMINATION/NONCOMPLIANCE

3.0.1 Termination for Cause. The State may, by written notice to the Contractor, terminate this agreement in whole or in part at any time the Contractor fails to perform under this agreement.

In the event a contractor Contractor's service or equipment does not meet the specifications set forth herein, see Item 2.7 – *VEHICLE RELEASE*, the Government representative responsible for ordering the equipment shall contact the Contractor to explain and document what is necessary to bring the Contractor into compliance. If the Contractor fails to meet specifications a second time, the Contractor may be removed from the list.

SECTION 4: SPECIFICATIONS AND PRICING SCHEDULE

4.0 EQUIVALENT PRODUCTS

Requirements designated in this bid must be satisfied, or a functional equivalent bid submitted, which is acceptable to the State. Bidders who do not meet this criterion may be disqualified from further consideration. Bidders must state if they are unable or unwilling to meet any requirement. Inability or unwillingness to meet any requirement, in part or total, may be cause for disqualification of the entire response. Any exceptions taken by bidders must be clearly identified on the bid forms.

4.1 PURPOSE

The purpose of this IFB and resulting agreements is to establish terms, conditions, and specifications for incident vehicle rentals in support of fire suppression, severity, and all risk incident activities for multiple federal and state agencies throughout the Northern Rockies Geographic Area. This solicitation is not intended to be used for procurement of vehicles for transportation to and from an incident via paved, maintained roads only, or outside the Northern Rockies Geographic Area. The purpose is to provide mainly off-road capable vehicles and vehicles to provide ON incident transportation. For the procurement of vehicles for on-road transportation to and from an incident or outside the Northern Rockies Geographic Area please utilize locally established procurement methods (i.e. travel or purchase card, BPA's, etc.).

See Sections 1.7.1 Basis for Award and 2.3 ORDERING/DISPATCH PROCEDURE for additional information.

A given piece of equipment can be under hire to only one agency at a time.

ALL VEHICLES SHALL BE LICENSED (LICENSE PLATES OR TEMPORARY TAGS) TO LEGALLY OPERATE ON ALL ROADS.

4.2 Pricing

The Government intends to award multiple agreements; however, awards will only be made to those bidders offering a reasonable price and resources that are technically acceptable. Proposed pricing for ALL line items will be evaluated for reasonableness. Reasonable price technically acceptable will be the basis for award.

In order to be considered to receive an agreement, Contractors must submit terms and conditions and a daily rate (24 hour day) pricing and meet the minimum requirements stated in the bid document. The daily rate shall include licensing, cleaning fee, mileage allowance, any refueling needed upon return, and **include all taxes and use fees. NO MILEAGE CHARGES WILL BE ALLOWED UNDER THIS SOLICITATION. Equipment furnished under this agreement is not subject to pro-rating on the first or last day.**

Delivery/Return Rate - For vendors who offer delivery for vehicles, a per mile delivery rate shall be specified on the bid form in the column created by Box 15 "Special" delivery/return rate. This delivery rate(s) will be added to the invoice for the day of delivery. In addition, this special rate can be utilized as a return rate for a vendor to pick up the vehicle after the using agency has demobilized the vehicle. The rate(s) shall include all applicable costs to deliver the vehicle. If a car carrier is utilized to deliver or return vehicles the delivery/return rate will not be paid on each vehicle transported via carrier. If a supplemental agreement is utilized for vendor delivery or return, the delivery return rate in this agreement will not be paid.

Pricing for the vendor to provide a car carrier, with operator(s), for times when multiple vehicles are needed for an incident may be submitted. This price should reflect a loaded mileage rate. Vehicles transported via car carrier will be inspected at the incident or other pre-determined location; however, car carriers will not be inspected but must meet DOT requirements.

These changes will make it possible to close out the invoices at the incident for rental vehicles when the RELEASE DATE is known prior to the IMT demob.

Resources furnished under this agreement may be operated and subjected to extreme environmental and/or strenuous operating conditions which could include but is not limited to unimproved roads, steep, rocky, hilly terrain, dust, heat, and smoky conditions. As a result, by entering into this agreement, the Contractor agrees that what is considered wear and tear (see 2.5 *WEAR AND TEAR*) under this agreement is in excess of what the resource is subjected to under normal operations and is reflected in the rates paid for the resource.

4.3 TECHNICAL SPECIFICATIONS

4.3.1 Cleanliness and Fuel. All vehicles will be provided to the Government clean on the interior, washed on the exterior, with a full tank of gas and all fluids, including the windshield washer fluid reservoir full. Cleaning fee and fueling upon return is to be included in the Daily Rate.

4.3.2 Tires. Due to firefighter safety and the extreme conditions the equipment rented under this agreement is subjected to; tires shall have load ratings in accordance with the vehicle Gross Vehicle Weight Ratings (GVWR). All tires on the vehicles, including the full size spare tire, shall have sound sidewalls; body and tire tread depth of a minimum of 6/32. For the pickup category tires rated with Load Range E are recommended. For sport utility vehicle/SUV's tires with the Load Range D or E are recommended.

4.3.3 Locations. All vendor locations must be within the Northern Rockies Geographic area. Bids submitted for vehicles outside of the Northern Rockies will not be allowed. Contractors with multiple locations in the Northern Rockies shall submit a separate bid form for each location, including 24/7 contact information. Vehicles will be returned to the location specified on the bid form. Instructions for after hour returns must be included on the bid form including key drop box location.

4.3.4 Keys. Vehicles shall be delivered with only one set of keys. The Vendor is solely responsible for extra sets of keys delivered to the incident and the Ordering Incident Agency is not responsible for extra sets of keys delivered.

4.3.5 Towing. Vehicles under this solicitation shall not be utilized as a towing vehicle regardless if a tow package is present on the vehicle or not. If a tow vehicle is needed for a specific incident, agencies shall utilize an incident specific agreement (i.e. EERA, BPA, or other local agency procurement method) to procure a properly equipped towing vehicle if an agency tow vehicle is not available.

4.4 PAYMENTS

Payment will be made on the basis of calendar days (0001-2400). The Host Agency for each incident is responsible for payments. The payment office will be designated in Block 9 on the *Emergency Equipment Use Invoice, Form OF-286*.

Time under hire shall start at the time the resource begins traveling to the incident after being ordered by the Government, and end at the estimated time of arrival back to the point of hire after being released, except as provided in Clause 7 of the General Clauses (Attachment C). Vehicle must pass pre-use inspection for payment purposes (see 2.6 *VEHICLE INSPECTION*).

Payment will be paid based upon the equipment ordered as documented on the resource order. Vehicles with additional attributes that were not ordered will not be compensated.

Only one daily rate shall be paid per day per vehicle no matter if the vehicle is reassigned. In the case of a reassignment, the incident the vehicle is reassigned to is responsible for the daily rate for the day that the reassignment occurs. When a vehicle is reassigned a copy of the old resource order and the OF-286 Equipment Invoice will be provided to the new Incident Finance to ensure duplicate payments are prevented.

4.5 TIMEKEEPING/INVOICING PROCESS

It is the Contractors responsibility to provide the Government with a commercial order document at the time of pickup or delivery that must identify the fire name, the resource order number, and a license plate/vehicle description including VIN number, make, model, and color for each vehicle.

Vehicle use will be tracked using an *Equipment Shift Ticket (OF-297)* which will record the resource order, incident number, the incident name, the beginning and ending dates of the rental period for each order, plus other pertinent information. The *Emergency Equipment Use Invoice (OF-286)* along with the *Vehicle/ Heavy Equipment Pre-use Inspection Checklist (OF-296)* (release inspection) form, both of which will be signed by the Contractor when the vehicle is returned, will be generated by the Incident Finance Section or the **ordering agency** for payment. **This process shall be completed before any vehicle is sent to another incident. A copy of the Emergency Equipment Use Invoice (OF-286) and the Inspection Checklist (OF-296), including the release inspection, shall be included with all packets upon re-assignment.**

It is the responsibility of incident personnel to fill out the shift tickets and turn them into the Finance Unit or designated representative who will post the equipment time to an *Emergency Equipment Use Invoice (OF-286)*.

When the resource is released, Incident Finance Section will finalize the Invoice. The incident will submit a payment package, including all signed originals of the *Emergency Equipment Use Invoice (OF-286)* and other agency-specific required forms to the designated payment office.

4.6 ORDER CANCELLATION

Order cancellation, enroute. If the order is cancelled after the resource order has been confirmed, and the resource is enroute, the resource is considered mobilized. Payment will be made by the Host Agency in accordance with sections 4.4 PAYMENTS, 4.5 TIMEKEEPING/INVOICE PROCESS, 4.6 ORDER CANCELLATION, and 4.7 EXCEPTIONS.

4.7 EXCEPTIONS

- a. No further payment will accrue during any period that the resource under hire is not in a safe or operable condition or it is not available for the assigned time period.
- b. If the Contractor withdraws resources prior to being released by the Government, no further payment shall accrue and the Contractor shall bear all costs of returning resources to the point of hire.
- c. After inspection and acceptance for use, resources that cannot be replaced or be repaired at the site of work by the Contractor, may be considered withdrawn by the Contractor in accordance with Item b. above, except that the Government will pay as if it is a standard demob the Contractor shall bear any additional costs to point of hire.
- d. Deductions - unless specifically stated elsewhere in this agreement, the cost of any supplies, materials, or services provided for the Contractor by the Government will be deducted from the payment to the Contractor.

4.8 VEHICLE LICENSING REQUIREMENTS

All Units offered and used under this agreement shall be **licensed and legally operable on all roads**. All units with a GVWR greater than 10,001 pounds shall have:

- a) *US Department of Transportation (USDOT)* number; and
- b) Annual USDOT certified vehicle inspection; or

GENERAL CLAUSES TO EMERGENCY EQUIPMENT RENTAL AGREEMENT FORM OF-294

Since the equipment needs of the Government and availability of Contractor's equipment during an emergency cannot be determined in advance, it is mutually agreed that, upon request of the Government, the Contractor shall furnish the equipment listed herein to the extent the Contractor is willing and able at the time of order. The following personnel are authorized to place orders against this agreement, Dispatchers, Buying Team Members, Finance Section Chiefs, Procurement Unit Leaders, Contracting Officers and Purchasing Agents. At time of dispatch, a resource order number will be assigned. The Contractor shall furnish the assigned resource order number upon arrival and check in at the incident. The Incident Commander or responsible Government Representative is authorized to administer the technical aspects of this agreement. Equipment furnished under this agreement may be operated and subjected to extreme environmental and/or strenuous operating conditions which could include but is not limited to unimproved roads, steep, rocky, hilly terrain, dust, heat, and smoky conditions. As a result, by entering into this agreement, the contractor agrees that what is considered wear and tear under this agreement is in excess of what the equipment is subjected to under normal operations and is reflected in the rates paid for the equipment. When such equipment is furnished to the Government, the following clauses shall apply:

CLAUSE 1. Condition of Equipment: All equipment furnished under this agreement shall be in acceptable condition. The Government reserves the right to reject equipment that is not in safe and operable condition. The Government may allow the Contractor to correct deficiencies within 24 hours. No payment for travel to an Incident or point of inspection, or return to the point of hire, will be made for equipment that does not pass inspection. No payment will be made for time that the equipment was not available.

CLAUSE 2. Time Under Hire: The time under hire shall start at the time the equipment begins traveling to the incident after being ordered by the Government, and end at the estimated time of arrival back to the point of hire after being released, except as provided in Clause 7 of these General Clauses.

CLAUSE 3. Operating Supplies: As identified in Block 7, operating supplies include fuel, oil, filters, lube/oil changes. Even though Block 7 may specify that all operating supplies are to be furnished by the Contractor (*wet*), the Government may, at its option, elect to furnish such supplies when necessary to keep the equipment operating. The cost of such supplies will be determined by the Government and deducted from payment to the Contractor.

CLAUSE 4. Repairs: Repairs to equipment shall be made and paid for by the Contractor. The Government may, at its option, elect to make such repairs when necessary to keep the equipment operating. The cost of such repairs will be determined by the Government and deducted from payment to the contractor.

CLAUSE 5. Timekeeping: Time will be verified and approved by the Government Agent responsible for ordering and/or directing use of each piece of equipment. Time will be recorded to the nearest quarter hour worked for daily/hourly rate, or whole mile for mileage.

CLAUSE 6. Payments

a. Rates of Payments - Rates for equipment hired with Contractor Furnished operator(s) shall include all operator(s) expenses. Payment will be at rates specified and, except as provided in Clause 7, shall be in accordance with the following:

1. **Work Rates** (*column 13*) (hourly/daily/mileage/shift basis) shall apply when equipment is under hire as ordered by the Government and on shift, including relocation of equipment under its own power.

ON-SHIFT: Includes time worked, time that equipment is held or directed to be in a state of readiness, and

compensable travel (equipment traveling under its own power) that has a specific start and ending time.

2. **Special Rates** (*column 14*) shall apply when specified.

3. **Guarantee.** For each calendar day that equipment is under hire for at least 8 hours, the Government will pay not less than the amount shown in column 15. If equipment is under hire for less than 8 hours during a calendar day, the amount earned for that day will be not less than one-half the amount specified in column 15. The guarantee is not applicable to equipment hired under the Daily rate. Equipment under transport is time under hire and compensated through the Guarantee. If equipment is transported under its own power, it is compensated under the Work rate.

4. **Daily Rate** (*column 13*) - Payment will be made on basis of calendar days (0001 - 2400). For fractional days at the beginning and ending of time under hire, payment will be based on 50 percent of the Daily Rate for periods less than 8 hours. Under the daily rate equipment may be staffed with or without operator.

(a) **Shift Basis (Portion of calendar day)**

- 1) **Single Shift** - (SS) is staffed with one operator or one crew
- 2) **Double Shift** - (DS) is staffed with two operators or two crews (one per shift). The DS rate will apply any calendar day the DS was under hire, including travel. There will be no compensation for a double shift unless a separate operator(s) and or crew(s) is/are ordered in writing for the second shift.
- 3) Agency personnel at the Section Chief Level may, by resource order, authorize a second operator or crew (Double Shift), if needed during the assignment.

b. Method of Payment. Lump-sum payment will normally be processed at the end of the emergency assignment. However, partial payment may be authorized as approved by the incident agency. Payment for each calendar day will be made for (1) actual units ordered and performed under Work or Daily, shift basis and/or Special rates or (2) the guarantee earned, whichever is the greater amount.

CLAUSE 7. Exceptions

a. Daily Rate or Guarantee: No further payment under Clause 6 will accrue during any period that equipment under hire is not in a safe or operable condition or when Contractor furnished operator(s) is not available for the assigned shift or portions of the assigned shift. Payment will be based on the hours the equipment was operational during the assigned shift, as documented on the shift ticket versus the designated shift shown on the Incident Action Plan. If the equipment was not operational for the full shift, the deduction from the daily rate is calculated by converting the length of shift from the IAP to determine the hourly rate and pay the contractor for the total hours worked before equipment became nonoperational.

b. If the Contractor withdraws equipment and/or operator(s) prior to being released by the Government, no further payment under Clause 6 shall accrue and the Contractor shall bear all costs of returning equipment and/or operator(s) to the point of hire.

c. After inspection and acceptance for use, equipment and/or furnished operator(s) that cannot be replaced or equipment that cannot be repaired at the site of work by the Contractor or by the Government in accordance with Clause 4, within 24 hours, may be considered as being withdrawn by the Contractor in accordance with Paragraph B above, except that the Government will bear all costs of returning equipment and/or operator(s) to the point of hire as promptly as emergency conditions will allow.

d. No payment will accrue under Clause 6 when the contractor is off shift in compliance with the mandatory "Work/Rest" and "Length of Commitment" provisions. As an option to rotating personnel, or taking a mandatory day off, without pay, the contractor may be released from the incident.

CLAUSE 8. Subsistence: When Government subsistence incident camps are available, meals and bedding for Contractor's operator(s)

will be furnished without charge. Government will furnish meals and lodging without cost if hotel/restaurant subsistence is the approved camp for incident personnel. Double occupancy of hotel rooms may be required. Contractors are not paid per diem or lodging expenses to and from incidents.

CLAUSE 9. Loss, Damage, or Destruction:

(a) For equipment furnished under this EERA **without** operator, the Government will assume liability for any loss, damage or destruction of such equipment, except that no reimbursement will be made for loss, damage or destruction due to (1) ordinary wear or tear, (2) mechanical failure, or (3) the fault or negligence of the Contractor or the Contractor's agents or employees or Government employee owned and operated equipment.

(b) For equipment furnished under this EERA **with** operator, the Government shall not be liable for any loss, damage or destruction of such equipment, except for loss, damage or destruction resulting from the negligence, or wrongful act(s) of Government employee(s) while acting within the scope of their employment. The operator is responsible for operating the equipment within its operating limits and responsible for safety of the equipment.

CLAUSE 10. Contractor's Responsibility for Property and Personal Damages: Except as provided in Clause 9, the Contractor will be responsible for all damages to property and to persons, including third parties, that occur as a result of Contractor or Contractor's agents or employee fault or negligence. The term "third parties" is construed to include employees of the Government.

CLAUSE 11. Deductions: Unless specifically stated elsewhere in this agreement the cost of any supplies, materials, or services, including commissary, provided for the Contractor by the Government will be deducted from the payment to the Contractor.

CLAUSE 12. Personal Protective Clothing and Equipment: The Government considers operators as fireline personnel who will use and wear specified articles of personal protective equipment.

a. The following mandatory items will be issued by the Government, when not required to be furnished by the Contractor, to operators performing within the scope of this agreement:

1. Clothing: (a) Flame resistant pants and shirts; (b) Gloves (*Either Nomex or chrome tanned leather*); (c) Hard hat; (d) Goggles or safety glasses.
2. Equipment: (a) Fire shelter; (b) Headlamp; (c) Individual First-Aid Kit;
3. Other items may be issued by the Government.

b. Operators shall wear the items of clothing issued and maintain the issued equipment in a usable and readily available condition. Upon completion of the contract assignment, all issued items of clothing or equipment shall be returned to the Government. Deductions will be made for all Government furnished protective clothing and equipment not returned by the Contractor.

CLAUSE 13. Commercial Motor Vehicles: All commercial motor vehicles must meet all DOT requirements. The regulations can be found at the following website:
www.fmcsa.dot.gov

CLAUSE 14. Claim Settlement Authority: For the purpose of settling claims, the successor contracting officer is any contracting officer acting within their delegated warrant authority, under the clauses of this agreement, and limits set by the incident agency.

CLAUSE 15. Changes: Changes to Emergency Equipment Rental Agreements (EERA's), OF294 may only be made by the original signing procurement official. If the original signing procurement official is not available and adjustments are deemed appropriate, a new EERA shall be executed at the incident and shall be applicable **only** for the duration of that incident. The agreement will include name and location of the incident.

CLAUSE 16. Firearm – Weapon Prohibition: The possession of firearms or other dangerous weapon (18 USC 930 (f)(2)) are prohibited

at all times while on Government Property and during performance of services, under this agreement. The term dangerous weapon does not include a pocket knife with a blade less than 2 ½ inches in length or a multipurpose tool such as a Leatherman.

CLAUSE 17. Work Rest and Length of Assignment: The Contractor is required to follow the work rest guidelines as established by the NWCG. Refer to website for the guidelines: www.nwcg.gov

CLAUSE 18. Harassment Free Workplace: Contractors shall abide by "U.S. Code, Title VII, Civil Rights Act of 1964, Executive Order EO-93-05, Secretary's Memorandum 4430-2 Workplace Violence Policy, and Harassment Free Workplace (29 CFR Part 1614)". Regulations can be found at www.gpoaccess.gov

CLAUSE 19. Definitions - The following definitions for Block 10 of the EERA are added: Information about business size is collected for tracking purposes only.

ACCEPTANCE/REJECTION OF BIDS, PROPOSALS, OR LIMITED SOLICITATION RESPONSES: The State reserves the right to accept or reject any or all bids, proposals, or limited solicitation responses, wholly or in part, and to make awards in any manner deemed in the best interest of the State. Bids, proposals, and limited solicitation responses will be firm for 30 days, unless stated otherwise in the text of the invitation for bid, request for proposal, or limited solicitation.

ACCESS AND RETENTION OF RECORDS: Contractor agrees to provide the department, Legislative Auditor, or their authorized agents, access to any records necessary to determine contract compliance. Contractor agrees to create and retain records supporting the services rendered or supplies delivered for a period of eight years after either the completion date of the contract or the conclusion of any claim, litigation, or exception relating to the contract taken by the State of Montana or third party.

ALTERATION OF SOLICITATION DOCUMENT: In the event of inconsistencies or contradictions between language contained in the State's solicitation document and a vendor's response, the language contained in the State's original solicitation document will prevail. Intentional manipulation and/or alteration of solicitation document language will result in the vendor's disqualification and possible debarment.

ASSIGNMENT, TRANSFER AND SUBCONTRACTING: Contractor shall not assign, transfer or subcontract any portion of the contract without the express written consent of the department. (Section 18-4-141, MCA.)

AUTHORITY: The attached bid, request for proposal, limited solicitation, or contract is issued under authority of Title 18, Montana Code Annotated, and the Administrative Rules of Montana, Title 2, chapter 5.

COMPLIANCE WITH LAWS: Contractor shall, in performance of work under this contract, fully comply with all applicable federal, state, or local laws, rules, and regulations, including but not limited to, the Montana Human Rights Act, the Civil Rights Act of 1964, the Age Discrimination Act of 1975, the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. The Contractor is the employer for the purpose of providing healthcare benefits and paying any applicable penalties, fees and taxes under the Patient Protection and Affordable Care Act [P.L. 111-148, 124 Stat. 119]. Any subletting or subcontracting by Contractor subjects subcontractors to the same provisions. In accordance with 49-3-207, MCA, Contractor agrees that the hiring of persons to perform this contract will be made on the basis of merit and qualifications and there will be no discrimination based upon race, color, religion, creed, political ideas, sex, age, marital status, physical or mental disability, or national origin by the persons performing this contract.

CONFORMANCE WITH CONTRACT: No alteration of the terms, conditions, delivery, price, quality, quantities, or specifications of the contract shall be granted without the State Procurement Bureau's prior written consent. A party affected by a force majeure condition shall provide written notice to the other party within a reasonable time of the onset of the condition. In no event, however, shall the notice be provided later than 5 working days after the onset. If the notice is not provided within the 5-day period, then a party may not claim a force majeure event. A force majeure condition suspends a party's obligations under this contract, unless the parties mutually agree that the obligation need not be performed because of the condition.

HOLD HARMLESS/INDEMNIFICATION: Contractor agrees to protect, defend, and save the State, its elected and appointed officials, agents, and employees, while acting within the scope of their duties as such, harmless from and against all claims, demands, causes of action of any kind or character, including the cost of defense thereof, arising in favor of Contractor's employees or third parties on account of bodily or personal injuries, death, or damage to property arising out of services performed or omissions of services or in any way resulting from the acts or omissions of Contractor and/or its agents, employees, representatives, assigns, subcontractors, except the sole negligence of the State, under this agreement.

Unless otherwise noted in the solicitation document, the State is allowed 30 days to pay such invoices. All contractors will be required to provide banking information at the time of contract execution in order to facilitate State electronic funds transfer payments.

Also included are vehicles or other conveyances used for travel.

HARASSMENT FREE WORKPLACE POLICY

		
State of Montana		
Department of Natural Resources and Conservation		
Sexual Harassment		
Document Type: Policy	Issuing Authority: DNRC	First Issued: 9/5/95
Number: P-DNRC-HR-4	References: MOM 3-0620	Effective Date: 9/5/95
Approval Signature: /s/ Bud Clinch, Director		Last Revised: 9/5/95

It is the policy of the Montana Department of Natural Resources and Conservation to prohibit sexual harassment of its employees and applicants for employment in the work place by any person and in any form. Each supervisor has an affirmative duty to maintain the work place free from sexual harassment. This duty includes discussing this policy with all employees and assuring them that they are not required to endure or be subject to insulting, degrading or offensive sexual treatment.

Specifically, sexual harassment refers to behavior which is not welcome, personally offensive, weakens morale and therefore interferes with employees' effectiveness and work environment, and is generally defined as unwelcome sexual advances, requests for favors and other verbal, physical and/or visual contact of a sexual nature when:

- Submission is made either explicitly or implicitly a term or condition of an individual's employment.
- Submission or rejection by an employee is used as a basis for employment decisions affecting the employee.
- Such conduct has the purpose or effect of unreasonably interfering with an employee's work performance or creates an intimidating, hostile or otherwise offensive work environment.

The following are examples of sexual harassment:

- Sexual advances which are unwanted (this may include situations which began as reciprocal attractions but later ceased to be reciprocal).
- Leering or sexual gestures.
- Displaying sexually suggestive objects, pictures, cartoons or posters.
- Verbal abuse of a sexual nature, sexually-oriented jokes, innuendoes or obscenities.
- Sexually suggestive letters, notes or invitations.
- Reprisals or threats after a negative response to sexual advances.
- Employment benefits affected in exchange for sexual favors (may include situations where a third party is treated less favorably because others have agreed to sexual advances).
- Physical conduct such as assault, attempted rape, impeding or blocking movement or touching.
- Women in nontraditional work environments may also be subject to hazing (this may include being dared or asked to perform unsafe work practices).

No supervisor shall threaten or insinuate either explicit or implied action(s) that an employee's refusal to submit to sexual advances will adversely affect the employee's employment, evaluation, classification (grade), assigned duties, or any other condition of employment or career development.

It should be understood that sexual harassment is against the law and the State of Montana is committed to the prevention of all forms of sexual harassment in the work place. If you are not personally a victim of sexual harassment, but observe actions against other employees which you believe to be harassment, you should

bring it to the attention of your supervisor or to the first level supervisor not involved in the alleged harassment or the DNRC EEO Officer. If you feel you are being sexually harassed, you may wish to pursue the following:

- Inform the individual that his/her behavior is unwelcome, offensive or inappropriate. Do not assume or hope that the problem will go away.
- If you are unable to confront the harasser, or the harassment continues, do not keep it to yourself.
- If you are considering reporting a complaint, you can:
 1. Report a complaint utilizing the reporting procedures contained in the DNRC Sexual Harassment Policy/Affirmative Action Plan.
 2. File a grievance under the grievance policy or through a grievance procedure available through collective bargaining agreements or statute.
 3. File a complaint with the Human Rights Commission. Complaints with the Human Rights Commission will be accepted within 180 days of the action or an extended 120 days if you are using an internal complaint procedure.

It is the policy of the Department of Natural Resources and Conservation to take direct and immediate action when informed of alleged violations and enforce the full range of liability and protection created by Title VII and the Montana Human Rights Act.

DRUG AND ALCOHOL

- The use, possession, solicitation for, or sale of narcotics or other illegal drugs, alcohol, or prescription medication without a prescription on Government incidents or while performing an assignment.
- Being impaired or under the influence of legal or illegal drugs or alcohol away from the Government incident, if such impairment or influence adversely affects the employee's work performance, the safety of the employee or of others, or puts at risk the Government's reputation.
- Possession, use, solicitation for, or sale of legal or illegal drugs or alcohol away from the Government incident, if such activity or involvement adversely affects the employee's work performance, the safety of the employee or of others, or puts at risk the Government's reputation.
- The presence of any detectable amount of prohibited substances in the employee's system while at work, while on the premises of the Government, or while on Government business. "Prohibited substances" include illegal drugs, alcohol, or prescription drugs not taken in accordance with a prescription given to the employee.
- The Government will conduct drug and/or alcohol testing under any of the following circumstances:
 - **RANDOM TESTING:** Employees may be selected at random for drug and/or alcohol testing at any interval determined by the Government.
 - **FOR-CAUSE TESTING:** The Government may ask an employee to submit to a drug and/or alcohol test at any time it feels that the employee may be under the influence of drugs or alcohol, including, but not limited to, the following circumstances: evidence of drugs or alcohol on or about the employee's person or in the employee's vicinity, unusual conduct on the employee's part that suggests impairment or influence of drugs or alcohol, negative performance patterns, or excessive and unexplained absenteeism or tardiness.

"Involved in an on-the-job accident or injury" means not only the one who was or could have been injured, but also any employee who potentially contributed to the accident or injury event in any way.
- If an employee is tested for drugs or alcohol outside of the employment context and the results indicate a violation of this policy, or if an employee refuses a request to submit to testing under this policy, the employee may be subject to appropriate disciplinary action, up to and possibly including discharge from employment. In such a case, the employee will be given an opportunity to explain the circumstances prior to any final employment action becoming effective.

INCIDENT ORDER/PROJECT NUMBER / AGENCY CONTACT INFORMATION

Box 3 on the Resource Order contains an *INCIDENT/PROJECT ORDER NUMBER*. This number is typically the Host Agency incident number, although not always if the incident has crossed jurisdictions, become a cost share or FEMA incident. This number will help in determining the correct person to contact with financial questions.

For Example:

MT-LNF-000035

- **MT** acronym for Montana
- **LNF** is the 3 letter designator for the Lolo National Forest
 - **F** at the end stands for Forest, USFS responsibility
 - **D** at the end stands for District, BLM responsibility
 - **A** at the end stands for Agency, typically BIA responsibility
 - **S** at the end stands for State, State responsibility
 - **P** at the end stands for Park, National Park Service responsibility
- **000035** is the incident number, unique to that incident

Generally, knowing the state the incident happened in and the 3 letter forest, district, etc. designator will identify the agency you need to contact. Below is an agency list with most 3 letter designators listed for identification.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to furnish your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, or contributions you made to an IRA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 28% of taxable interest, dividend, and certain other payments to a payee who does not furnish a TIN to a payer. Certain penalties may also apply.
